COMMENTS

OARA, Inc. ("OARA"), by its attorney, hereby submits its comments in response to the Notice Of Proposed Rule Making released January 10, 1997 in the above-captioned rulemaking proceeding in which it is proposed to allot FM Channel 257A to Roxton, Texas in response to a Petition For Rule Making filed on December 9, 1996 by Northeast Texas Broadcasters ("Northeast").

1. OARA is the permittee of a new FM station on Channel 257C3 at Linden, Texas (File No. BPH-951204MA, granted October 21, 1996)(no call sign yet assigned). On December 4, 1996, OARA filed an application for minor modification of the permit to relocate the transmitter site and upgrade to Class C2 facilities (File No. BMPH-961204IC).¹ Five days later, on December 9, 1996, Northeast filed its Petition For Rule Making ("Petition") requesting allotment of Channel 257A to Roxton.² As

¹A copy of the application with a stamp indicating that it was received at Mellon Bank, the FCC's depository bank, on December 4, 1996 is attached hereto as Exhibit A.

²A copy of the petition with a stamp indicating that it was received by the FCC on December 9, 1996 is attached hereto as Exhibit B.

demonstrated in the attached Engineering Statement of James McWain (Exhibit C hereto), the requested allotment is shortspaced to OARA's modification application and must be denied.

2. Section 73.208(a)(3) of the Commission's rules provides that "[p]etitions to amend the Table of Allotments that do not meet minimum distance separation requirements to transmitter sites specified in pending applications will not be considered unless they are filed no later than: ... (iii) the date of receipt of [the pending applications]...." Since Northeast's Petition was not filed on or prior to the date of receipt of OARA's modification application, but instead was filed five days later, the Petition cannot be considered and must be denied.

WHEREFORE, for the foregoing reasons, the Commission must deny Northeast Texas Broadcasters' Petition For Rule Making requesting allotment of Channel 257A to Roxton, Texas.

Respectfully submitted,

OARA, INC.
